INTRODUCTION

My interest in learning new technologies has driven me to become a frontend-focused software engineer with 2 years of professional experience. Working on industry-level projects and contributing to university organizations has honed my professional and teamwork skills. I prioritize writing clean code and excel in learning quickly and adapting to various situations, making me a good fit.

EXPERIENCE

Software Engineer II (Frontend)

Techsist Ltd.

November 2022 - Present (2.1 years)

- Designed and developed highly responsive and interactive user interfaces using ReactJS, NextJS.
- Built web components that are reusable and can be reimplemented in the future.
- Developed projects like portfolio, dashboards and institution management web apps.
- Collaborated with backend and product team members to integrate APIs and implement new feature developments.

EDUCATION

Sonargaon university(SU), Dhaka

BSc in Computer Science and Engineering

2018-2021

CGPA 3.04 (Out of 4.00)
